

BIKES ON THE BUSES

Most buses have the ability to carry 6 to 8 bikes, some up to 10. Racks are on a first-come, first-served basis. Riders with bikes should not expect that they will be able to get their bike on the bus at all times during the day. Groups of riders should especially be aware of this situation. The racks are easy to use and are designed for riders to load bikes independently. Assistance is available.
